

### Job Application

Instead of doing the boring traditional application we ask that you do something creative and fun for your application. Some examples of this might be a drawing, a sculpture, a short story, or a story about something fun (or interesting) that you have done in your life. A very clever listing of reasons why you wish to work here and why we should hire you is also acceptable. Please keep in mind that this application is not limited to just the above mentioned items, they are just examples. It is up to you to come up with something creative and unique that fits your personality and style, whatever that may be. The most important thing is just have fun with it while designing something that best represents who you are.

### Do's & Don'ts (please follow them)

**Don't** just turn in a traditional boring résumé.

**Do** put some thought and time into this, or at least make it look like you did.

**Don't** just fill out this sheet and hand it in as your application, it will be rejected!

**Do** remember to have fun and be creative, while also being yourself.
